

The Georgia Foundation for Agriculture is developing a pipeline for Georgia's next generation of farmers and agricultural leaders. Through early exposure to agriculture, classroom learning, higher education, farm-based mentorship and professional learning, our programs provide a structured path that fosters growth and sparks a passion in agriculture during one's educational journey.

## Our Program Areas

**SEED** Planting seeds of inspiration for elementary learners and Georgia teachers through agricultural STEM resources and a state-of-the-art mobile educational classroom, The Georgia Ag Experience.

**GROW** Deepening higher education experiences through an ongoing ag scholarship program.

**HARVEST** Providing support for Georgia producers to equip them with the necessary tools to address challenges and harvest opportunities for successful careers in agriculture.

"Being selected as one of the top agriculture students in Georgia and being awarded the Georgia Foundation for Agriculture Scholarship confirmed to me my choice of career path in agriculture. The field of agriculture has always been appealing to me and the more I study it the more passionate I am about educating future populations about the importance of where their food, fiber, and fuel comes from. This scholarship is allowing me to focus of my future career as an agricultural educator and take advantage of the numerous educational and hands-on learning opportunities available for me at the University of Georgia."

## SUPPORTING FARMERS URGENT NEEDS

### FARMER WELL-BEING

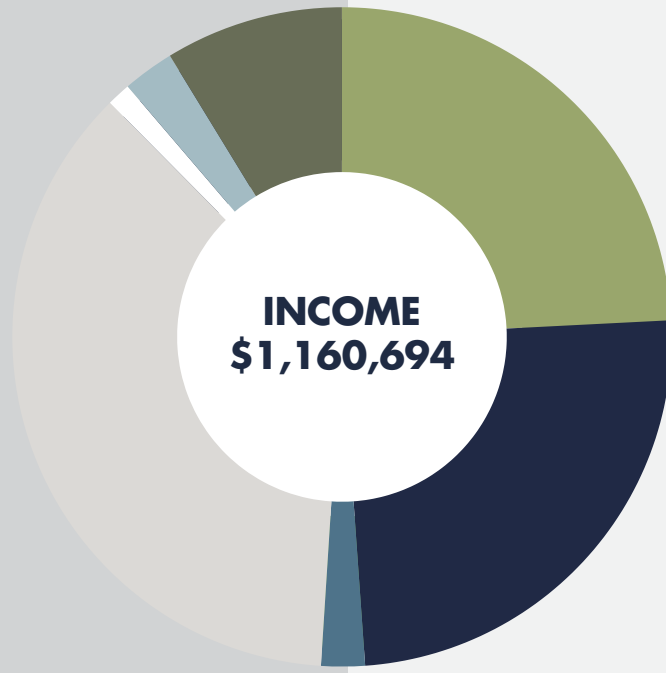

- Reported findings from 2022 baseline farmer well-being research to local & national organizations as well as Georgia Farm Bureau communities.
- Identified a need to support GFB communities with best practices on how to support farmers in their counties.
- Developed a fundraising plan, successfully received a \$100,000 grant from the Georgia Health Initiative in November 2023.
- Established regular meetings with the Georgia Agricultural Wellness Alliance (GAWA), a coalition of various stakeholders in farming and health.
- Participated in a two-day working session to create a strategic plan for GAWA aimed at improving farmer well-being in Georgia.
- Assisted GAWA with finding their first Executive Director, John McElveen.
- Plans for 2024 include hiring part-time staff for training support, advising best practices for programming to county Farm Bureaus, and developing an incentive and awards program.

## Letter from Our Executive Director

As we begin 2024, I look back with pride on a year of remarkable growth at the Georgia Foundation for Agriculture in 2023. This past year has been defined by significant strides in community engagement and advancing our mission.

We're grateful for the major statewide and national grants received, which have greatly enhanced our capacity for impact. Our series of nine successful events surpassed fundraising expectations, further supporting our mission.

Your support has been instrumental in expanding the reach of our Georgia Ag Experience mobile classroom program, touching more lives across Georgia counties than ever before. Additionally, our focus on mental health support for farmers, in collaboration with county partners, has addressed a crucial need within our agricultural communities.

Looking ahead, we are filled with excitement for the future. Building on this year's strong foundation and with your continued support, we are poised for even greater achievements. Our unwavering commitment to advancing Georgia agriculture promises to drive further meaningful change.

We invite you to continue being an active part of our journey. Your involvement is key to our growth and success. We encourage you to visit and engage with the exciting developments we have planned for the coming year.

On behalf of everyone at the Georgia Foundation for Agriculture, thank you for your steadfast support. We eagerly anticipate another year of shared achievements and success.
